PRODUCT DATA SHEET Lubricants – Power Steering Fluid

“PLEASURE” the emotion you can experience with HYUNDAI XTeer, based on HYUNDAI’s most advanced technology from KOREA representing the next generation of automobile lubricants.

XTeer Power Steering Fluid

Description

XTeer Power Steering Fluid is premium performance fluid formulated with state of the art additives and base fluids. It is designed for use in power steering system applications over a wide temperature range. It provides high quality performance which meets oxidation resistance, low temperature fluidity, appropriate friction performance, and high shear stability.

Application

- ✧ Power steering and shock absorber oil
- ✧ All power handles in passenger / commercial vehicles
- ✧ All power handles in construction equipment
- ✧ General-purpose hydraulic fluid

Features / Benefits

- ✧ It ensures long life-time.
- ✧ It provides high foam stability
- ✧ It provides excellent corrosion prevention
- ✧ It provides good start operation in cold climates by excellent low-temperature fluidity
- ✧ It provides more stable friction property

Viscosity	40°C	30.00
	100°C	5.2
Viscosity Index		103
Flash Point (°C)		216
Pour Point (°C)		-30

Remarks

XTeer Power Steering Fluid meets or exceeds the requirements of

- ✧ KS M 2129
- ✧ ISO VG 32
